Playground Fund is Growing Fast.

The work of soliciting the fund for the playground work was begun and already a sufficient fund has been raised

iasm with which the children will enter into the work will undoubtabley be passed on to the parents and after the first year the citizens will realize that they can not get along without this form of wholesome recreation and train-

ing.
The annual May festival was held
Friday at Beatrice, which has comparatively few more school children than tively few more school children than this city, and over a thousand children took part in the festivities. It was held on the athletic park and was attended by over five thousand people, many coming from surrounding counties and a large number from the neighboring towns in the county. The events took a greater part of the day and all children of all ages from the kindergarten to the high school were given an ten to the high school were given an opportunity to tuke part in the events. North Platte could easily get this same enthusiasm and derive the same benefits as cities of this kind in other parts of the state are enjoying.

Notice to Water Consummers.

The new water ordinance passed April 6th, 1914, requires the water commissioner to proceed at once to install meters on all unmetered services. The water department will start the work on Monday, May 18th. A gang of men will start up each street and install meters on every service now un-

The meters will be placed in the park ing near the curb box unless otherwise requested by the property owner. The city furnishes and installs the meters and property owners can either pay the city furnishes and installs the meters and property owners can either pay the city for the meter and installing same or can rent the meters at 50c per mouth for the 1. 65c for the 2 and 75c for the 1 inch meters. Should a property owner, after renting a meter for a time decide he would rather buy it, then 75 per cent of the rent he has paid will be applied on the cost of the meter and installing same and by paying the balance the meter becomes his property and rent for same ceases. All property owners who have bought and installed their own meters and all who buy the meter after city has installed same do not pay rent for meters. All others will be charged rent. The cost of meter and installing same in tile outside the house, where service pipe is in good condition will be about \$13.30. If service pipe is in such condition from age or rust that threads cannot be cut on it the expense will be more, depending on the amount of pipe necessary to be replaced. Wherever service uppes be replaced. Wherever service pipes enjoyed. At the close of the toasts are found to be in such cendition that the club sang a few numbers before meter cannot be installed, property leaving for their homes. owners will be notified to renew ser vice pipe or such portion of same as may be necessary to install meter, or the city will make the necessary changes and charge same up as part of the expense of installing meter.

stalling gang passes their property so as not todelay the work, or the city's men will dig the hole and install the meter in a tile in the regular way.

Where two or more houses owned by different parties get water through the same service pipe, owners will be noti-fied to make such changes as will be necessary to give a separate line to each nouse. Anyone wishing any further information on the subject call the water office, Phone 44.

HERSHEY S. WELCH, Water Commissioner.

Chautauqua Board Meets.

The Chautauqua board met Friday evening at the office of O. E. Elder to talk ever the plans for the work this summer and Miss Gould, of the Chautions and each committee will have a Clarence Day and George Wier. section to look after.

The Chautauqua will begin June 17th and continue for five days, ending Sun day June 21st. Some exceptionally good talent has been engaged for here and this will be announced later.

Big Cases at Kimball

Judge Grimes went to Kimball Sunday to hold a term of court. There are three hig damage cases on the docket. Mrs. Mary Dubbs sees the Union Pacific company for \$20,000 for injuries re-ceived while alighting from a train at Kimball station; Welcome Johnson asks \$40,000 damages of the Storz Brewing for trouble arising from the sale of liquor, and William Biles and James Malloy, a saloon keeper, and the Illinois Surety Co., for \$20,000 damages.

George Thompson left Saturday morning for Chappell to visit over Sunday with his brother, Hilmer Thompson and wife. Mr. Thompson is now settled in his new drug store which he recently purchased at that place.

The M. M. Club will be er this afternoon at the home.

City Engineer C. J. McNamara left
Saturday morning for Julesburg, Colo.
To guage the South Platte river for the state and government reports.

Fred Waltemath.

Robert Duglas left Friday for Kearney to spend the day looking after business matters.

FRANK NANCE,
Trustee in Bankruptcy.
M. A. Hartigan, Hastings, Neb.,
Attorney for the Estate.

County Papers

Hershey Times.

Field manager Bryan received word this morning that the help for the beet fields would arrive the 20th. There will be seven families for this territory and three go to Sarben. Most all of these are Russians.

The steel tank and tower arrived Monday for the city waterworks system and will be erected as soon as the foundations can be put in. The cement work has been delayed on account of shortage in sand, the south river being too high toget it from there as has been the custom.

The work of soliciting the fund for the playground work was begun and already a sufficient fund has been raised to assure the project. The citizens are subscribing liberally and with only the business section, partly worked over half of the required amount has been raised.

This fund will grow much more rapidly after the work is started in case it is not all raised before that time. When the people are brought to realize the enormous good that can be attained by this work and learn more about the nature of the work they will feel more free to contribute the fund. The enthusiasm with which the children will enter into the work will undoubtabley be assented to the Hershey people last Saturday evening by the dramatic club of the Yeomen, of North Platte. The house was filled to its capacity and the large crowd was certainly pleased. What made the efforts doubly appreciative was the fact that this same play had been put on by local talent in Hershey several years ago. Dr. Kerr and wife who carried the leading parts showed splendid talent. Maude Owens, as "Beauty Lynn" and Sam Souder as "Dicky Brown" kept the audience in almost a continuous laughter. It was ably pre-

Brady Vindicator.

Homer Oldfather reports that another Homer Oldfather reports that another attempt was made to make away with one of his fat hogs at the stock yards last Friday night. It is said that Homer discovered who the miscreants were, and taking the law in his own hands gave one of them a good prom-

Work is progressing nicely on the new Bank of the Brady building. It will be about the same size as the other brick bank here. The concrete foundations and vault are about completed. It is reported that the Brady State bank will also build an addition to their building this summer.

A class of eight will graduate from the Brady High School next week. Fol-lowing is the names of those who will receive diplomas: Mary Adel Elliott, M. Effie Beatty, H. Hempsted Pulliam, Kenneth B. Abercrombie, Benjamin P. Bloom, Edw. Kratzenstein, Henry R. McMurray and Millard E. Will.

Maxwell Telepost.

Word has reached here that Col. Heatty and George French will cross bats for the office of county judge. Never before heard of a middle and welter-weight being pitted against each other. Then, information via North Platte is that Arthur Sullivan, of Brady

ing on the amount of pipe necessary to men were present and a fine time was

Mutual Building & Loan Association. Assets May 1st, 1914, \$613,998.75.
To supply the demand for approved loans this association will issue a limited amount of its paid up stock. Property owners wishing to dig the bole for installing their own meter or who wish to put it in cement or heavy wooden boxes should see the water commissioner at once and make arrangements to have holes or boxes ready at the time the city's meter installing cangrasses their recognitions.

Friday afternoon in the county court and was continued for eight days The case is a suit involving several sections of land in the Sutherland vicinity. Plaintiff alleges that he rented the tract of land to the defendants in 1913 for one year and that their lease is now void but that they still hold the land and are pasturing their horses and cattle there. He alleges that he gave written notice May 2nd, 1914, for them to vacate and that they have failed and refused to do so. He asks restitution and costs.

A number of the members of Com-pany Q will go to Gothenburg next week at the same time the high school tauqua association of Kansas City, met | cadets go for their regular annual enwith them to help plan an advertising campaign. Many plans were discussed and the committees were appointed to canvass the business district. The business district. The business district was divided up into sections. The following company Q men will go: Paul Nolan, Haroid Langford, Jay Smith, Victor Anderson, V

County Commissioner D. B. White stopped over in the city Saturday enroute home from an extended business visit at Beatrice and other towns in the southeastern part of the state. He says that he enjoyed a fine ball game in Omaha Friday afternoon.

Abner Wessberg arrived in the city Friday from Lincoln and spent Satur-day and Sunday visiting his parents IT IS ORDERED that the following day and Sunday visiting his parents here. He returned to Lincoln Sunday

Far Seeing Farmers Know the Value of a Silo.

And they're the boys that are knocking down the dollars as a result of their foresight in putting one up.

If you could just take a hike over the country and see the dozens of Silos on the farms that were not there even two years ago, you would get an object lesson on the value of these great feed savers that you would not soon forget.

Ten acres of corn put into a Silo will feed 27 steers or cows for six months, and fatten or produce a flow of milk equal to summer pasture. Isn't that better than you can do with 40 acres under the old system?

And when we can furnish you the best Silo on the market at a price less than many inferior Siloe, isn't it up to you to give us

We're ready to talk Silos any time you are. , Are you ready
